

# Dever Asserts His Record Will Stand

PAUL A. DEVER

BOSTON—Asserting that his record of achievement in office will stand like a rock against the hurricane of last minute innuendo, Gov. Dever yesterday said he was confident that the people of the State will return him to the office of Governor by an overwhelming vote.

"Many half-truths are uttered in the heat of a campaign," Gov. Dever said. "Sometimes statements are made which are even recklessly untrue.

"But in the final analysis, the voter will make an intelligent choice, comparing facts with falsehoods and measuring achievement against mere promises.

"I have tried to be a good Governor of all the people. And I am sure, that, rightly understood, there is no major accomplishment of my administration which will fail to meet with the approval of honest men of good will.

"As the son of a widowed mother of a large family, I have known from actual experience the problems which confront the working men and women of the state.

"It was therefore quite natural that the welfare of the working men and women of the Commonwealth should be a matter of paramount interest during my term of office.

"While I was only one of the mil-

# Henry Keenan Sums Up Campaign Issues

Representative Henry E. Keenan has been active over the past years in many community activities. At present, he is the President of the Arlington Kiwanis Club, an organization that devotes considerable time and financial assistance to the youth and under privileged children of Arlington. He has been Chairman of the Arlington Boy Scouts and is a member of the local Boy Scout Council. During the war years, he headed many of our Community drives and the 4-H Clubs which collected scrap and had gardens throughout the town. They also collected books and magazines for the Veteran's Hospitals. He has been active in the Red Feather Campaigns in the past years as Chairman of Publicity, and a solicitor of funds.

Henry E. Keenan

In answer to many of the recent charges made of certain votes in the Legislature, Representative Keenan wishes to state to the public that first of all, the Bank Tax on Savings banks was not enacted into law although it was recommended by state officials who were in a position to know its effect upon the savings bank institution of the state. It was recommended by the Commissioner of Banks, By Commissioner Long and also in the

# McEvoy Gets Labor Thanks

Representative Joseph F. McEvoy, Jr. has received a letter from the Massachusetts Federation of Labor thanking him for his efforts and support of measures designed to benefit the working men and women of Massachusetts.

The communication set forth that the Federation was grateful for his assistance and support and also noted that he was present on all the major roll calls in the House of Representatives.

The letter states: "We have carefully studied the official records of roll call votes in the House of Representatives for the 1949-50 session of the Legislature on legislation either sponsored or supported by the Massachusetts Federation of Labor.

"The official labor records show and voted in favor of measure designed to benefit the working men and women of Massachusetts.

"Many of these legislative proposals are now law, thanks to you and other liberal lawmakers. It took courage and determination to resist the powerful opposition to labor's legislative program and stand and be counted as a friend of the wage earners in this State.

"The officers and members of the Massachusetts Federation of Labor which is the State Branch of the American Federation of Labor, are sincerely grateful for your assistance and support."

# Democrats Confident Of Victory In State, County, And Arlington

# Purcell Group Confident Of Victory Tues. Close Battle Develops As Both Parties Wage Campaigns Up To Final Whistle--Expect Big Vote

Selectman Joseph A. Purcell is the next State Senator of the 6th Middlesex District, claimed the strong Purcell organization last evening.

They added that M. Purcell's ability to reach people in all walks of life, his easy accessibility and understanding, and his proven executive ability have made him the outstanding candidate for this seat in this State Senate.

Selectman Purcell has received pledges of strong support from Democrats, Republicans and Independents here in Arlington and elsewhere throughout the district.

The Purcell for State Senator Headquarters, located on Massachusetts Avenue opposite Medford Street, has been a beehive of activity every evening and will continue to be open evenings until the election. The popular Selectman has attended two and three rallies and house parties every evening for the past two weeks, and has an extremely heavy schedule before him now and until election day.

# Two Juveniles Caught Cutting Auto, Bus Tires

Two juveniles were captured by an Arlington Police sergeant and patrolman Saturday evening after they had made a tire cutting spree from the High School to East Arlington.

A total of four busses, six cars, a truck and two bicycles had all of their tires mutilated before the two were caught.

Sergeant William Germain and patrolman William Schaber captured the youths in East Arlington after seeing them cut the tires on a Ford sedan on Varnum st.

The Police were first notified of the tire cutting by Raymond Morrill, principal of the High School, who reported the tires flat on all of the Quincy Busses and on one car which had been parked in the High School parking lot during the game.

Prospects for a large turn-out of voters next Tuesday, particularly if the weatherman casts an auspicious eye on the day's activities, were evident as both political parties would be up one of the most important political campaigns in the recent history of Arlington Middlesex County, and Massachusetts.

Democratic party chieftains both here and in state headquarters were hopeful for the best showing by their party in history, and expected to gain new power in the Bay State as the result of Tuesday's activity. Republicans, not as confident, were working hard never the less to regain control of the state and retain the balance of power in the county.

Governor Paul A. Dever's forces expect that he will gain an impressive vote in Arlington, and feel that the Democrats have an opportunity to add to their local seat in the House of Representatives.

A feeling of confidence which permeates the headquarters of Selectman Joseph A. Purcell and has exuded through the large number of workers associated in his drive for the Senate would indicate that there, too, the Democrats are threatening the G. O. P. stronghold. Should Mr. Purcell win, and his party hold other seats which were occupied during the past session, the Democrats would have control of the Senate as well as the House of Representatives.

Mr. Purcell is favored to carry Arlington by a fair margin, do well in Medford, sweep Woburn, and make a good showing in Winchester. A strong "favorite son" vote in Arlington, which is anticipated and seems growing hourly, would assure him of the election and Arlington.

# Mother, Baby Injured In Crash

A 34 year old mother and a two month old, unnamed baby, were injured in a collision at the corner of Bates road, and Massachusetts ave., Saturday night, when two cars attempting to make right turns into Bates road, collided head-on.

Mary Angelo and her baby boy were injured when the car in which they were riding made a turn off Massachusetts ave., into Bates rd., followed by a car driven by Frank E. Johnson of Winchester.

The Angelo car made another turn after entering Bates rd., in an attempt to swing around the small safety island to continue up the ave. The Johnson car also made a right turn into Bates rd., but did not turn until it was on the upper side of the island and as a result collided head-on with the Angelo car which was by this time coming out of Bates rd.

Louis Angelo driver of the first car claimed his baby was thrown and hit the dash board. Mary claimed injuries to her chest.

# Public Safety Committee Advocates Many Changes

A delegation of 25 members of the public safety committee met at the Arlington police station Sunday afternoon to discuss grievances regarding safety precautions in the Town.

Sergeant Philip Sweeney, head of the police safety division presided at the meeting during which the committee was told of a new type block system of crosswalks which is to be installed in all school areas in the Town.

The system was devised by Sgt. Sweeney with the cooperation of the school department.

The committee headed by Mrs. George Harris included delegates from every section of Arlington excepting the morningside area, who reported on safety matters in their districts.

Four major changes were requested by the committees; The 30 m. p. h. speed limit now in effect at the Park Circle area should be reduced to 20 m. p. h. (2) A 10 m. p. h. speed limit should be enforced on the Kings Highway. (3) A police officer on Orvis rd. should be one way, to handle the extra flow of traffic resulting from motorists attempting to avoid the lights at Lake st. (4) Kelwyn Manor residents requested a route officer.

The committee has subdivided itself into a smaller group to make further study of the recommended changes and they will report on Friday night.

Sgt. Sweeney informed the delegates of five safety measures which his department has under-

taken; 1. Only one crosswalk is used in school areas on Medford st. and Mystic st., so that the officer may watch the children more closely. 2. A block system of crosswalks is now being tried at Paul Revere rd., and Appleton sts., which if effective will be put into forms traffic duty at the High general use. 3. A police officer per school; busses now stop on Lockland ave instead of Massachusetts ave., and the M. T. A. is going to establish a special stop in front of the school, designed to prevent accidents. 4. School children have been appointed as student patrol leaders and will assist the police officer during school traffic hours. 5. A transfer of students from the Cutter School to the Pierce and Bishop schools will prevent children from having to cross busy intersections.

The Capitol and Regent Theatres have planned a series of special passes to be issued to student patrol leaders for Saturday afternoon movie; The first of these passes have been issued for this week at the Capitol.

Sgt. Sweeney went on to say that a series of public safety movies will be shown in the near future for all those interested. The date and time will be announced in this paper.

## DEVER-

Continued From Page One

"As this campaign draws to a close, I should like to briefly sum up a few of the good things I have done. Let us first look at what we accomplished in the field of Labor:

"We raised the minimum wage for the lowest paid workers in the state to 65 cents an hour.

"We provided for a \$360 salary increase, long overdue, for all the state employees.

"We amended the anti-Labor Barnes law.

"We enacted an anti-injunction law.

"We liberalized the Workmen's Compensation Law, increasing the maximum weekly benefit from \$25 to \$30; doubled the compensation for the loss of an arm, and tripled the compensation for the loss of both eyes.

"We liberalized, too, the employment security laws, providing that a \$2 allowance for dependency would no longer be charged against the total amount a worker would otherwise be entitled to. We secured other benefits making many workers eligible for greater bene-

fits that they had been receiving formerly.

"There was other legislation benefitting Labor which is known to all those who work with their hands.

"While there seems to be some doubt on the part of my opponent on the question of who supplied housing for veterans, I merely submit that when I took office on Jan. 1, 1949 there was not a solitary apartment anywhere in the state built under the state housing plan.

"Now, 22 months later, there are more than 13,000 units, most of them occupied and the rest will be ready for occupancy before the first of the year. Veterans had no housing before I took office. Now 50,000 veterans and their families have a decent place to live.

"It was because I took positive action after two years of inaction under a Republican administration in which my opponent was second in command, that we erected a 300 bed addition to the Chelsea Soldiers Home hospital.

"It was because I would not any longer tolerate delay that we have a modern hospital in Holyoke which serves the veterans in the western part of our state.

"It was at my insistence that the paraplegics were given a state pension, something my opponent thought was too generous to give men who lost the use of their limbs in fighting for our country.

"It was also at my insistence that the widows and mothers of men who died of battle wounds were given civil service preference, which was another measure which was rejected by my predecessor

and my opponent in the previous administration.

"We have sought to improve the lot of every veteran, man or woman to pay them a little of our great debt of gratitude.

"It has been a well-known fact that for years in Massachusetts, our schools needed help. Better schools and higher salaries for teachers was of prime importance. At my suggestion, the legislature passed measures which extended state aid in building schools, and we are well on the way to establishing the kind of school system for which Massachusetts was once the boast of the nation.

"Everywhere in the state, people are beginning to see the realization of a highway program talked about for years but never started. The very fact that my opponent has seen fit to ridicule signs telling drivers why they can't use a certain road under repair, or telling them about new roads being built, is evidence that the highway program is attracting attention.

"Ridicule never built a foot of highway, and I can take it as a tribute that my opponent finds signs of highway improvement everywhere he travels. Indeed, he ought to thank me for making it possible for him to tour the state on good roads in safety and in comfort.

"We have passed a law which forbids discrimination in public places or in our institutions of higher learning.

"I would just like to say in passing that my opponent, who talks so much about abolishing discrimination and intolerance, saw fit, when he was president of the State Senate, to leave his chair to cast a vote which killed a bill which would have made it unlawful to discriminate against anyone because of their race, creed and color insofar as employment was concerned.

"Because our private colleges cannot handle the large number of our worthy young men who seek to become doctors and dentists, it is our intention to establish a medical school at Massachusetts State College.

"I am particularly proud of the fact that after years of neglect, I have started a building program to properly care for the mentally ill in our Commonwealth. Already, facilities have been provided for the hospital care of many additional adults and children, and more facilities are planned.

"I raised wages in our mental institutions in order that we might have the best psychiatrists, nurses and attendants.

"I am also proud of the work being done for the physical health of our people under my sponsorship. We recently broke ground for a chronic diseases hospital in Boston which will be without equal in the world, and which will provide for even the humblest of our citizens, the medical attention now available only to people of means.

"We are proud likewise that we have finally recognized that alcoholism, which causes as much economic loss as it does misery and have established clinics for the treatment of this insidious disease.

"We have also established public health and mental health clinics which will be of inestimable benefit to all of our citizens.

## Curtis Attacks Payroll Padding

Government for the politicians, rather than government for the people, is what we suffer from in Massachusetts, according to former State Treasurer Laurence Curtis of Boston, Republican nominee for lieutenant-governor, who has been campaigning throughout the state on a platform which attacks payroll padding, ballooning expenditures and political favoritism.

In talk after talk, Curtis has assailed the present state administration for its "broken promises, reliance on fake issues, and extravagant claims based on misrepresentation and half-truths before the public in extravagant paid advertisements."

Meanwhile, Curtis, in his own campaign literature, has been pledging that he will do everything in his power to "stop waste of taxpayers' money, stop political favoritism, and promote fairness to all and the common good."

"Massachusetts citizens," Curtis says, "are being squeezed between the high federal costs, resulting in part from the war, and the high cost of state government, resulting from wasteful practices and political favoritism."

It is essential, Curtis argues, for Massachusetts voters to avoid this double squeeze by placing in office in the Bay State men who will regard public office as a public trust and who will put state and country ahead of politics.

Curtis' big vote in the September primary, in which he won the Republican nomination handily, was no great surprise to those who study election returns. They recalled that in his 1946 campaign for state treasurer, Curtis won by 114,000 votes over an established vote getter who was then state treasurer.

Curtis has shown himself to be the type of man who grows on the electorate. He does not believe in flashy or spectacular campaigns, but has achieved a reputation for always doing a thorough and painstaking job in what he undertakes, including his campaigns. His quiet, unassuming methods have an appeal which, in the long run, appear to be more effective than excessive zeal and partisanship.

Mr. and Mrs. Richard Byrne of 33 Franklin Street, Arlington, announce the birth of a daughter on October 22, at the Mount Auburn Hospital. Mrs. Byrne is three former Irene MacNaughton. Grandparent honors are shared by Mr. and Mrs. John Byrne and Mrs. Irene MacNaughton of Arlington.

"What I have mentioned is but a part of the achievement of my administration thus far.

"I am confident that the voters reflecting on even a few of the things I have actually done, will not allow themselves to be swayed by last minute charges.

"I humbly submit my record of achievement to the voters, and confidently await their verdict."

## Garden Club Sends Flowers To Hospitals

Under the auspices of the Arlington Garden Club, hampers of flowers have as usual been sent to Boston weekly, during the summer, for distribution by the Benevolent Fraternity, Fruit & Flower Mission, to the aged, shut-ins and hospital wards.

This is one of the activities of the Garden Club which is conducted on Tuesday mornings from the first week of June to the first week of October. It requires collection of flowers by various club members from generous Arlington contributors.

Mrs. Edmund S. Greiner for the past two years has been the chairman of this committee and the following members have assisted in filling and shipping the hampers during the past four months: Mrs. Earl Clark, Mrs. Francis Davidson, Mrs. O. Walter Swenson, Mrs. Charles Wright, Mrs. Roy Crosby, Mrs. Philip J. Bower, Mrs. Stuart P. MacDonald, Mrs. Emil Erlandson, Arlington Woman's Club, Mrs. C. W. Johnson, Mrs. Reginald Bowman, Mrs. Leslie Leighton, Mrs. Leroy Shaw, Mrs. G. Wm. Anderson, Mrs. Harry Preston, Mrs. B. Dolan, Mrs. M. J. Abizaid, Mrs. Christopher Gardner, and Mrs. Emmons F. Wylie.

Letters of thanks and appreciation have been received from the directors of the Benevolent Fraternity Fruit and Flower Mission at Horticultural Hall in Boston.

Mr. and Mrs. Robert W. Sullivan (Joan R. Langley) of 67 Broadway, Arlington a daughter named Maureen Claire on October 24, 1950 at the Symmes Arlington Hospital.

## Letter Box

To The Editor:

Howard W. Fitzpatrick is the Democratic candidate for the office of Sheriff of Middlesex County, and the present Sheriff. I would like to bring you certain facts which are a matter of record concerning his administration.

In the first place, the position as Sheriff of one of the largest counties in the United States carries with it the responsibility, care and custody of almost 500 men and women serving sentence in its cor-

rectional institutions located at East Cambridge and Billerica. There is also the East Cambridge Jail where men are held waiting trial before Superior Court. Your Sheriff is also charged with the responsibility of the service of civil process in his county. During the past 12 months over 25,000 writs were served by deputy sheriffs attached to my staff.

Your sheriff also supervises and directs the officers attached to the Superior Courts and the Jury Pool, a recent innovation, and is responsible for the transfer and commitment of prisoners to and from courts in session including the Su-

prior Court in session at Lowell.

This is further manifestation of the fact that the affairs of the Sheriff's Office have been managed wisely and competently under a qualified business executive.

I believe that his many years of business experience in the purchase of food and supplies, and association with the Malden Savings Bank as an Incorporator, as Trustee of the Malden Trust Company and the Fellsy Co-Operative Bank qualify him to serve you as your Sheriff for the next six years. He is vice-chairman of the Malden Housing Authority and Trustee of the Malden Hospital and headed a recent successful drive to raise \$500,000 for that hospital expansion program. He served with the Marines in World War I and as your Sheriff for the past year.

I further believe that his record in office merits your endorsement. In addition to re-appointing all employees he has improved their working conditions and I am grateful for the enthusiastic support they have given his candidacy.

I respectfully suggest that you consider his candidacy for the office of Sheriff of Middlesex County on Tuesday, November 7th.

Saturday—5:40 pm.—Eleanor Jones of 45 Aerial st. reported to police a boy had deliberately shot at her with a BB rifle. She was hit on the leg and thigh by the shots.

Sunday—1:40 am.—The custodian of the Harvard Trust Bank building reported to police a grill have been removed from the basement window of the bank. Investigation revealed an apparent attempt to break and enter had been made.

Sunday—10:31 am.—A resident of Hamlet st., reported that a number of articles of clothing had been stolen from a clothesline there sometime during the night.

John J. Kennedy Jr., 125 Shore st., Falmouth, formerly of Arlington, re-enlisted in the United States Air Corps recently.

Jack is the son of Captain John Kennedy of the Arlington Fire Department and is a veteran of the 20th Air Force which served in the Pacific during World War II. He first entered the service in 1941

## Corcoran Cites Public Record

In a talk to his campaign workers, Lawrence E. Corcoran, candidate for State Representative, outlined his public record as follows:

"After graduation from Arlington High School, Harvard College and Law School, I served fifteen years as a Town Meeting Member, two years of which I was a member of the Committee on Town Government. I have been Moderator of the Yankee Network Forum for four years and State Chairman of the American Bar Association, and this year received its National Award of Merit.

Also, my experience as Legislative Counsel at the State House for the Boston Real Estate Board and the Friends of Dr. Miriam Van Waters will enact legislation for Arlington and the State in the best interests of all its citizens."

Mr. Corcoran said he was instrumental in obtaining bus service for Arlington Village, the low-cost street program, traffic control for child safety, and the improvement of the Summer Street Boulevard.

Mr. Corcoran concluded that his training and experience in State and Town Government qualifies him to be elected as a member of the State Legislature.

and was discharged in 1946.

Mr. Kennedy returned to the service as a 1st lieutenant attached to the 80th fighter group stationed at Camp Otis N. Y. He graduated from Tufts College last June receiving his degree Master of Social Sciences.

# Arlington Drubs Quincey By 32-13

A Salisbury powered Arlington High gave their best performance of the year, Saturday, to capture a fifth win in six starts by tromping over a ragged Quincey High, 32-13, before some 3500 fans at the Warren A. Pierce Stadium.

Paul Salisbury soared ahead of his touchdown twin Don O'Brien by scoring three of Arlington's five markers. He scored the first half-way through the opening quarter on a right end run for the five, topping off a 65 yard scoring march backed by Dick Muello and himself.

The Arlington Club looked terrific against the Quincey Club which only last week romped over a strong Somerville eleven that Arlington beat by only one touchdown.

Paul Salisbury deserved top honors for the day, making two sixty yard runs for a score and setting up another.

Don O'Brien played off and on during the game being handicapped by a strained back but even with that he scored a touchdown for the gas house eleven in the third period going forty yards for the tally.

The Presidents racked up two scores, the first in the opening minutes of the second half when

Kenny Balducci raced around right end and went sixty yards for a TD. They scored their second in the fourth quarter, three minutes after play got under way. George Frazier completed a pass to Balducci for ten yards and then Frazier went another ten for the marker.

**TWO SIXTY YARDS**  
The Arlington Club took possession on its own 28, midway through the second period. On the second play, Salisbury sliced off right tackle and with beautiful blocking he zig-zagged to the Quincey 18. Muello then carried to the 11 and on the next play Salisbury powered over. Bill Kenely passed to Joe Egan for the point.

With the second period nearly over, Quincey lost the ball on the Arlington 40. Salisbury carried for Arlington, plowed through the center of the line; shook off four tacklers; shot into the open and raced sixty yards to score standing up.

Arlington kicked to Quincy but they could not move and Arlington again took over. They had worked the ball to the president's ten yard line when the whistle blew.

**TWO FOR ONE**  
The third period opened with Quincey receiving. Schuerch took the kick on the Quincey ten and raced back to the 40 before he was swamped. On the next play Kenny Balducci slid through the line and with eleven gas house men watching, scampered sixty yards for the first Quincey score.

Quincey booted to Arlington and Salisbury took it on the 10, got to the twenty where he was downed. Arlington could not move the ball and kicked out. Quincy took the ball on their 40 but fumbled and Arlington recovered. Salisbury, O'Brien and Muello teamed up and hiked forty yards with Muello crawling over.

Arlington penalized on the TD play kicked off from their 25. Quincy picked it up on their 48 but again fumbled with Arlington recovering. Salisbury and Muello battled to the President's 35 when O'Brien raced around left end, thirty yards for another score.

The fourth quarter opened with the President's controlling the ball on the Arlington twenty having

## SPOTS ON SPORTS

Quincey coach had only one comment to make after this Saturday game. He said, "We were beaten by a great team. I don't know how they ever lost to Waltham because I think this club should be State champs again. My boys were just too sure of themselves after the Somerville victory."

The PRESS picks as its player of the day,—Paul (Red) Salisbury. He was nothing short of terrific.

Brockton, Waltham, Arlington and Weymouth are still in the race with Waltham and Weymouth in the lead. Brockton has to play Waltham and even if Weymouth wins all theirs they play a class "B" club which pulls down their points.

The Quincey bandleaders and majorettes gave the chilled audience at the High school a very good show at the half. They even went as far as erecting a teepee on the field, something usually reserved for colleges.

More gripes. . . The yard markers still could not be read from the press box and the wind still howls through the edifice like it was a wind tunnel. . . Somebody take note.

marched there after the kickoff from their own 25.

Quincey made its second score, after a ten yard pass from Frazier to Balducci was completed, and Frazier powered over.

Arlington put its second team on the field for the final minutes of the game but the only worthwhile play was a 70 yard run by Frazier which was called back because of a penalty.

ing paid to depositors. But, certain groups resolved not to go along with the increase on taxes for horse and dog racing interests and other pressure groups protested other proposed taxes, therefore, an agreement between the House and the Senate was made and the bank tax was not imposed. In checking the records for this proposed legislation it is interesting to note that Representative Gott of Arlington introduced three bills in the 1949 session of the Legislature that proposed the taxation on deposits on savings banks. For the information of those who criticize legislation that was not enacted after careful study, the bills introduced by Mr. Gott were House No. 252, 253 and 281.

In answer to accusations relative to Business Managers for Mental Hospitals, it was a recommendation by the Committee of Administration and Finance that business managers could streamline the operations and the purchase departments of these institutions and save taxpayers a considerable amount of money. This is the same argument that is used by those who propeosed the Town Manager form of government for Arlington—that with a Town Manager Arlington could save money by streamlining its departments and purchases. Is it not logical to want to save money for the State as well as for the Town? However, again, after more legislative deliberation between the two branches, these business managers were not approved.

Representative Keenan in his campaign of two years ago stated on more than one occasion that, if elected to office, he would stay on the job and get things done for Arlington. This he has done, as shown in his 100 per cent record of attendance and the many State and Town improvements that have been accomplished during his two years in office. As a tax payer and a businessman, and a life-long resident of Arlington, he has been fundamentally interested in getting things done for Arlington as well as voting for good legislation for the state as a whole.

ington of its first State Senator in many years.

Representative Henry J. Keenan is favored to return to the House, and Lawrence Corcoran, his running mate, is also conceded a strong chance to win in the district.

In Precinct one, three and six, Representative Joseph McEvoy and Alderman James Doncaster of Somerville are slated to win over their G. O. P. rivals.

Sheriff Howard Fitzpatrick, serving a divided term at present, and Warren A. Stearns, are engaged in a real fight for Middlesex County Sheriff. On past performances, Mr. Stearns would be a favorite, but Democratic gains make the election an even choice.

Mrs. Edith Norse Rogers is an

# Open House At High School Monday Eve.

Parents and friends are cordially invited to visit the Arlington High School on Monday evening, November 6, from 7:30 to 9:00. This meeting is held in the evening so that parents who are employed during the day may meet the teachers, but all parents are urged to use this opportunity to become acquainted with the school and the teachers of their sons and daughters.

During the evening the entire building will be open and some of the pupils will be present to demonstrate their work. Boys will work in the Vocational School Shops; groups will do experiments in the science laboratories; art students will show painting and wood carving; girls will work in the typewriting and office machine rooms; boys will do printing, woodworking, and mechanical drawing; girls will be at work in the sewing and cooking classes; the orchestra will hold a rehearsal (not a concert); visual aids equipment will be on display. Members of the Student Council will serve as guides.

## HEADQUARTERS REPORTS

Thursday—The Thibault Company on Broadway reports the theft of a crane valued at \$150 taken from the back of a truck which was parked on Broadway.

Friday—The Kelly Coal Company reported that someone is damaging equipment and property at their place of business almost every night.

Friday—The owner of a store at Fortis the business place entered sometime during the night.

Saturday—Officer William Taylor reported that the hamp had been removed and the cellar entered at the Lake st., railroad station. The store itself had not been entered.

Monday—The Superintendent of the Locke school reported that someone had thrown blue paint on the Park ave. side of the school sometime during the night.

Monday—Officer John Roche reported that Joseph Juffanti of 41 Massachusetts ave., a pupil at St. Agnes school had been taken to the Syngme Hospital to be treated for cuts on both hands sustained

odds-on favorite to win the re-election to the National House of Representatives.

The insurance referendum is sure to meet with strong opposition in Arlington, and probably will be defeated in the state. The same is true of the state lottery. Again the PRESS urges those voting against the lottery to vote against Question three, which would be a burden if passing without any financial support from the lottery.

As no campaign has been conducted for the passage of any of the three liquor referenda it is expected that this measure will again meet with defeat here.

At any rate the lines are drawn, and a keen battle of ballot is forecast, with the result to be learned at mid-week next week.

The least you can do is VOTE.

## Quiz Show At P.T.A. Session

The opening meeting of the Peirce School P.T.A., which is a member of the National Congress of Parent-Teachers Association was held on October 19th with Mrs. George N. Lea presiding.

Mrs. Lea announced that the Peirce School received a certificate at the State Convention making it a Standard Association and was also awarded the XYZ Oak Leaf Award.

Ways and Means chairman, Mrs. W. Bradley Carson had a most successful sale of ribbons at the close of the meeting, a practice which we think will be carried throughout the year.

Following the Business Meeting, the Mello-Tones entertained with Barber Shop Harmony and were enthusiastically received. The Mello-Tones are members of the Society for the Preservation and Encouragement of Barber Shop Singing in America Inc.

Highlight of the evening was the quiz show on Safety, sponsored by the Casualty Insurance Co. of Massachusetts and represented by Miss Joyce McCoy as mistress of ceremonies, and Mr. Victor Larsen, as announcer.

Mrs. George Lea acted as moderator, and Mrs. Richard Rice served as scorekeeper. Contestants chosen from the audience were:

Mrs. Winthrop Donovan  
Mrs. Max Fredericks  
Mrs. Henry Scipione  
Mr. John Killourhy  
Mr. Nathan Bornstein  
Mr. Kendrick Hart

Mrs. Scipione and Mr. Killourhy had perfect scores. Prizes of first aid kits were presented to all contestants.

Miss Carol Harabek, an Arlington High School student spoke briefly on the Red Feather Campaign.

Sgt. Sweeney of the Arlington Police Force enlightened parents on new safety rules to be enforced with the aid of patrol leaders.

Sixth grade mothers assisted with refreshments.

## MRS. BERTIL LINDWALL

Mrs. Bertil Lindvall  
Mrs. Margaret D. (Taylor) Lindvall, wife of Bertil E. Lindvall died Saturday in her home, 27 Eliot Road, Arlington.

She was born in Somerville and was a charter member of Nokomie Council, No. 99, Order of Pochontas. She was also a member of the Arlington's Woman's Club.

Besides her husband, she leaves a daughter, Miss Jean Lindvall; her parents, Mr. and Mrs. John Taylor of Somerville; two brothers, Ernest and Graham Taylor of Somerville, and a sister, Miss Elizabeth Gustin of Houston, Tex.

Funeral services were held Tuesday noon in the Waterman Chapel, Kenmore Square.

## SALUTED ON AIR

Among those saluted with birthday greetings last Saturday (October 28th) on the WCOP Young Timer's Club were:

Peter Hollingsworth, 206 Wachuset st., and Richard Wharton, 6 Mott St., Arlington.

## "Here's the Pitch"

By "Bump" Hadley  
WBZ, WBZ-TV Sportscaster and Former Major League Pitcher

THERE HAVE BEEN some critical articles written this fall, blasting baseball managers for using

star pitchers too often. The tenor of the criticism has been that by working star pitchers out of turn, managers are wrecking the pitchers' arms and thus ruining their baseball futures. As a former pitcher myself, I'm a solid member of the pitchers' union in good standing and will fight for a pitcher's rights at the drop of a hat. However, all this talk about overworking a pitcher leaves me a bit cold. Back in 1931, '32 and '33 when I was pitching for the St. Louis Browns, I did more pitching in a three-year span than most pitchers do in six or seven seasons.

In 1933, there was a standing gag among visiting teams. When they arrived in St. Louis, they'd ask, "Who's pitching tomorrow? Hadley or Blaeholder?" That season I won 15 games but lost 20! So I figured in 35 decisions that season and I don't know how many other games I appeared in. I had pitched 200 innings up to the Fourth of July and in spite of an attempt to give me a little rest during late July, I wound up the season with 337 innings pitched.

Did it ruin my arm or wreck my baseball career? Well, I stayed in the majors for eight years after that. In 1936 I led the American League in games won and lost while with the New York Yankees. And I stayed with the Yankees five years.

Except for the small, thin pitchers, I believe a pitcher does better with a lot of work.

**McEvoy States All Promises Have Been Kept**

Representative Joseph F. Mc-  
Evoy, Jr., of the 25th Middlesex  
District, which comprises Wards  
6 and 7 of Somerville and Precincts  
1, 3 and 5 of Arlington, has based  
his candidacy for re-election as one  
of the two State Representatives  
from the District on his back-  
ground of training and experience  
for the office together with his re-  
cord of service and accomplishment  
as a public official.

Representative McEvoy attended  
the local schools, Boston College  
and Boston University of Law. He  
is an active practicing attorney,  
and a former president of the Som-  
erville Bar Association. As a life  
long resident of the district, a  
property owner and taxpayer, he  
has always been keenly aware of  
the problems of the citizens of the  
area. Rep. McEvoy was president  
of the Board of Aldermen in 1945  
and as such served as an ex-officio  
member of the School Committee.  
He has served as a member of the  
Legislative Committees on Judi-  
ciary, Election Laws and Consti-  
tutional Law.

In basing his candidacy for re-  
election on his training, experience  
and record as a public official, Rep-  
resentative McEvoy stated:

"The trust and confidence placed  
in me when first elected to public  
office has always been uppermost  
in my mind and I have always been  
most humble and grateful for the  
favorable consideration shown to  
me by the people of the District.  
My only promise, which was a  
pledge of an honest, active and in-  
telligent representation, has been  
faithfully kept at all times.

"To the best of my ability, I have  
attempted to carry out the wishes  
of the people, as evidence by my  
action in filing a Bill in co-opera-  
tion with the Plan E Committee of  
Somerville to allow the Plan E  
form of government in the City of  
Somerville. The House of Represen-  
tatives passed the legislation allow-  
ing Somerville to have the form of  
government, but it was defeated by  
the Senate.

"Some of the other bills either  
filed or actively supported by me  
during the recent session of the  
legislature are the following: a bill  
to establish a swimming pool and  
playground on the land of the Me-  
tropolitan District Commission in the  
District, legislation resulting in a  
reduction of average monthly ren-  
tals in Veterans' Housing Units, a  
Bill for the study of our State  
Government for the purpose of im-  
proving efficiency and reducing  
costs, legislation prohibiting dis-  
crimination in employment of those  
between the ages of 45 and 65,  
legislation providing for erection of  
a new stadium at Dilboy Field by  
the Metropolitan District Commis-  
sion, a Bill for improvement of the  
M. T. A. service and extension of  
Rapid Transit facilities in the Dis-  
trict, a Bill to prohibit outgoing  
municipal administrations from  
making unnecessary promotions and  
granting unwarranted pay raises,  
and legislation extending to World  
War II veterans the Public Service  
Retirement Benefits of World War  
I veterans.

"My actions on these matters  
indicate how I have acted as a Rep-  
resentative of the people in the  
legislature.

"It has been very gratifying to  
receive the active support and en-  
dorsement of so many leading  
Democrats, Republicans, and Inde-  
pendents. It has also been very

cooking procedures and interpreta-  
tion of recipes. The busy housewife  
will be shown short cuts in prepa-  
ration of meats and meat substi-  
tutes. Meals will be prepared,  
cooked and consumed by the stu-  
dents in class.

Those wishing to join either of  
these classes may do so on Tues-  
day, November 7 between 6:15 and  
6:30, or on Wednesday, November  
8 between 6:45 and 7:00 P. M. in

School.

encouraging to have my record en-  
dorsed by so many organizations  
including labor, veterans, old age  
and taxpayers.

"As the only candidate with leg-  
islative experience and with a  
record of service and accomplish-  
ment as a public official, I respect-  
fully solicit one of your two votes  
for Representative from the 25th  
Middlesex District.

## New Road Bills Filed By Keenan

## Fine Arts Unit Chairmen Meet

Representative Henry E. Keenan of the 28th Middlesex district filed 3 Bills this past week at the State House for the purpose of making an easier flow of traffic around the Town.

Bill No. 1 was for the building of an overpass, underpass, or traffic circle at the junction of the Alewife Brook Parkway at Mass. Ave. on the Cambridge-Arlington line.

The second bill is to do the same at the junction of Broadway and the Alewife Brook Parkway at the Arlington-Somerville line. The Representative stated that he will fight for these changes but will leave it to the engineering discretion of the MDC to determine the best method of handling the problem.

The third bill calls for the extension of the Mystic Valley Parkway on the east side (or the Medford side) of the Mystic River from High Street in Medford opposite the present Mystic Valley Parkway that comes down on the east side of the Mystic Lakes. This roadway will follow along the banks of the river and along the bed of the roadway, now known as Arlington Street, and will continue across Harvard Ave. to a point opposite the new traffic circle at the Alewife Brook Parkway and the Mystic Valley Parkway. There a new bridge will be proposed to be built over the river to connect with the traffic circle on the Medford-Somerville line in the vicinity of the present MDC sewerage pumping station. The present pumping station will be torn down and a new one will be built nearer to the river to take care of the new 60 inch pipe, which should be in operation within a year, that will take care of the sewage coming down from Arlington, Belmont, and North Cambridge. The purpose of this legislation is to keep the traffic now flowing down from the east side of the Mystic Lakes on the Medford side of the Mystic river so it will not have to double back into Arlington.

These bills are designed to carry out Representative Keenan's proposals to route the through traffic around Arlington and leave our streets available for local use.

On Tuesday morning, October 24, seven unit chairmen of the Fine Arts Programs met at the home of Mrs. Frank Lincoln. Those present included Mrs. George Rugg, Brackett; Mrs. David Gersh, Cutter; Mrs. Phillip Roe, Hardy; Mrs. Joseph Gaudet, Locks; Mrs. William Warnock, Pierce; Mrs. Robert Sadoff, Russell and Bishop; and Mrs. Frederick Reynolds, Junior High West.

Others attending this meeting included: Mrs. John J. Cox, Vice-Chairman; Mrs. Hector MacNeil, Program Director; and Mrs. George Walker, Ticket Chairman.

The School principals have been most co-operative with the Fine Arts Committee.

## Stearns Says Crime, Weather Alike In N.E.

Mark Twain is quoted as having said that "everybody fusses about the New England weather, but nobody does anything about it." The same may be said of crime. When a horrible murder or an unusually bold robbery takes place, the public becomes temporarily aroused. Lawmakers are alerted, laws are passed; and then the storm passes over. There is no constant, continued interest in the matter of crime. Persons are content to "sweep the dirt under the sofa."

There should be a constructive program, set forth in a statesman like way, dealing with the whole matter of crime, as has been done with diseases. Contrast the role of the State Department of Health and the medical profession with that of government bodies having to do with crime all efforts having to do with the welfare of juveniles should have the encouragement of the public, as here is the secret of crime prevention.

Once a person comes into the hands of the law, his personality and his life situation should be thoroughly studied, his assets and liabilities weighed in the balance, and a constructive program made for his rehabilitation. Already much is being done through probation departments along this line. In fact, the probation departments are the bright spot in the picture. The institutional care of offenders is not so bright. To be sure, some excellent case work is being done, but there is ordinarily no constructive program looking toward the best way to handle the individual. It tends to be makeshift, using tools, many of which are already

out moded.

The fixed sentence is in itself an element of great weakness. If a man with one leg should go to a doctor and should be sent to a hospital for two weeks or two years, he would still have one leg. Likewise, if an individual who has certain traits of personality is sent to prison, he is sure to come out with those same traits unless something constructive can be done in the meantime. The use of an indeterminate sentence is to be highly commended. If such were available, the individual could be sent to prison for treatment with the idea that he would be released when the public safety could be protected and when it was for his best interest to come out. Society should be prepared to receive him, for if he returns to the same social situation which originally caused the trouble, he is practically sure to come back again, possibly in a very much aggravated condition.

Finally the real attack upon crime means, first, a professionally lives to the care of the physically ill, just as physicians devote their trained personnel, devoting their ill. Secondly, political patronage should be taboo in this field so that qualified persons can obtain employment. Lastly, years of freesearch by this trained personnel should be constantly bringing forth knowledge and facts pointing the way towards doing better the next time. It is only by the combination of all of these factors that we can hope to have the next generation do better than the last.

## Crowd Attends Hearing About Route 60 Plan

On Thursday, October 26th, at the Public Works Building, a hearing was held before Commissioner William F. Callahan relative to the renumbering of Route 60 that passes through the center of Arlington.

The hearing was called as a result of a bill filed in the last session of the Legislature by Representative Henry E. Keenan of Arlington and Representative John J. Fitzpatrick of Medford. The bill called for the rerouting or renumbering of Route 60 to by pass Arlington Center and Medford Square, and to inform the through traffic of this alternate route to avoid these congested centers.

Representative Keenan presented the first argument at the meeting from the Arlington angle, and recommended to the Commissioner that renumbering of Route 60 to Route 60-A starting at the junction of Pleasant Street and the Concord Turnpike at the Pleasant Street over-pass. The alternate route would turn right down the newly reconstructed Concord Turnpike which is now three lane highway to the junction of the Concord Turnpike and the Resurfaced Alewife Brook Parkway, where it would tie in with Route 16 and follow this present route over the Alewife Brook Parkway, by-passing Medford Square.

Upon the completion of the new proposed road in Medford from the bend in front of the Medford Public Works yard across the marshes a direct connection to the Revere Beach Parkway that comes into the traffic circle at the Wellington Bridge would be made. Representative Keenan's connection is that through traffic following road maps to reach the North Shore would be instructed to take this alternate route and thereby relieve Arlington Center of this through traffic that is only interested in getting to points beyond Arlington. If the signs on the roadway at the Revere Beach Parkway and the Wellington Bridge traffic circle were labeled Route 60-A, traffic coming from northeast of Arlington would follow this Route 16 and by pass Arlington Center and Medford Square. Representative Fitzpatrick was the next speaker and he outlined the changing of the route and its effect on through traffic passing through Medford Square.

speaking for the Arlington Heights Improvement Association recommended the changes to help relieve the traffic conditions around Arlington.

Attorney Mason H. Stone then spoke in behalf of the large group of people from Arlington stating that he had been retained to speak for them as a group and advocated this alternate route as it would take away much of the traffic from Pleasant street and Medford street and also Arlington Center. He pointed out that there several schools and churches located along the present route 60 in Arlington and Medford and this alternate change would relieve some of the danger to the church-goers and school children.

In an exchange of ideas that followed the formal presentation Commissioner William F. Callahan recommended as a suggestion to complaints from the group, of heavy trucks and pleasure traffic on Pleasant Street, that they wait until a new Route 128 is completed to see what effect that would have on traffic on this area. Representative Keenan indicated in reply that it was a suggestion of great importance as he had stated in public hearing in Arlington that the proposed "Arlington Center Plan", which would involve a considerable amount of money should be also delayed until route 128 is completed to determine what effect it will have on Arlington Center congestion. Keenan did state, however, that he saw no reason why the labeling of Route 60-A could not be acted upon at once as this was only re-routing pleasure traffic, which is all that could be re-routed over the MDC Parkway system, and it could be done at a small cost of the erection of signs advising the through traffic that there was an alternate road that would save them time or reach points beyond Arlington. Commissioner Callahan called for a show of hands for the proposed changes, and over 100 indicated they were in favor of these changes with only

## QUESTION NO. 1

Do you approve of the adoption of the amendment to the constitution summarized below which was approved by the General Court in a joint session of the two branches held June 9, 1947, received 244 votes in the affirmative and 0 in the negative, and in a joint session of the two branches held June 8, 1949, received 242 votes in the affirmative and 7 in the negative?

### SUMMARY

This proposed amendment of the Constitution provides for the time when the respective terms of office of the governor, lieutenant-governor and councillors shall begin and the time when their respective terms shall end. It also makes provision relative to the succession to the office of governor in the event of the death of the governor elect before qualification for the office of governor; and it further makes provision relative to the succession to the office of governor in the event of the death of both the governor elect and the lieutenant governor elect before qualification for their respective offices.

## QUESTION NO. 2

Do you approve of the adoption of an amendment to the constitution summarized below which was approved by the General Court in a joint session of the two branches held June 4, 1948, received 154 votes in the affirmative and 44 in the negative, and in a joint session of the two branches held June 8, 1949, received 160 votes in the affirmative and 93 in the negative?

### SUMMARY

This proposed amendment to the Constitution provides for an increase in the number of signatures of qualified voters required upon an initiative or upon a referendum petition, and it further makes provision for changes in legislative procedures thereon with reference to dates upon, or within which, acts shall be done in the various stages necessary to be taken upon such petitions.

## QUESTION NO. 3

Do you approve of a law summarized below on which the House of Representatives did not vote and on which the Senate did vote?

### SUMMARY

This measure provides for minimum payments of seventy-five dollars per month, or eighty-five dollars per month if blind, as assistance to deserving aged persons who have reached the age of sixty-three years or over and are in need of relief and support.

## QUESTION NO. 4

Do you approve of a law summarized below on which the House of Representatives did not vote and on which the Senate did vote?

### SUMMARY

This measure provides for the creation of a Massachusetts commission for the purpose of conducting once every month a lottery drawing to raise additional funds by means of tickets sold to the public, within the Commonwealth, the net proceeds to be divided as follows: 50 per cent to the winners as prizes, 35 per cent for assistance to needy aged persons, 7 1/2 per cent for assistance to needy blind persons, 7 1/2 per cent for assistance to dependent children.

## QUESTION NO. 5

Do you approve of a law summarized below which was disapproved in the House of Representatives by a vote of 77 in the affirmative and 139 in the negative and in the Senate by a vote of 13 in the affirmative and 25 in the negative?

### SUMMARY

The proposed measure strikes out the first sentence of section 113B of chapter 175 of the General Laws (Tercentenary Edition) as most recently amended by section 4 of chapter 459 of the acts of 1935, and inserts in place thereof a sentence which provides that the Commissioner of Insurance shall annually, on or before September fifteenth, after due hearing and investigation, fix and establish fair and reasonable classifications of risks and adequate, just, reasonable and non-discriminatory premium charges to be used and charged by insurance companies in connection with the issue or execution of motor vehicle liability policies or bonds, as defined in section 34A of chapter 90 of the General Laws, for the ensuing calendar year or any part thereof, but said classifications and premium charges shall be uniform throughout the Commonwealth and shall not be fixed or established according to districts or zones.

## TROOP 8

The Troop has had an active fall. Beginning with a Fathers and Sons outing in which six Scouts and four Dads matched camping skills, there followed an overnight hike to Camp Oak in which Scouts Stevens, Whitney, Gassett, John Peter Lane, Dave Pearce, Paul Steery, John Young and Ed Larsen participated. For advancement the Troop has worked in groups under various committeemen. Eagle Scout Ralph S. Stephens, Jr. has won his Bronze Palms, along with merit badges for Canoeing, Rowing and Scholarship. Billy Whitney has won the Personal Health merit badge, David Buck and Fred Turner have passed their first aid requirements. Over Columbus Day an enthusiastic party made a camping trip to Mt. Monadnock under the leadership of the Rev. David G. Colwell, Scoutmaster Carleton Finch and Assistant Scoutmaster George A. Riese. Those on the hike were: Ralph "Pimpy" Stevens, Billy Whitney, Ed Larsen, John Lane, Peter Lane, Hartley Noble, Bill Heuser and Richard Mardigan, together with Tenderfoot Scout - "Deacon" Mr. Colwell's dog. A "Snipe Hunt" was held for the new scouts on the trip but because of the rain the snipe were not running so none were caught. Despite hard rain the group set out to climb Mt. Monadnock and Scouts Larsen, Whitney and Mardigan under Mr. Colwell went "over the top." It is said that "Deacon" received his baptism as a Scout by submitting to total immersion.

## TROOP 41

Despite the cold wet windy weather of Columbus Day Troop 41 left for their trip to Mt. Monadnock. Shortly after their arrival at Monadnock Reservation tents were set up and supper cooking. Friday morning was getting cold but after the French Toast and cocoa warmed up the Scouts they were prepared to climb the mountain.

The wind was rather tough at the top and a few snow flakes were seen. It was not quite the place for Noble Johnston's umbrella. The group headed for the halfway house where lunch was eaten with a few drops of rain. Next back to the reservation where hopes that Mr. Lovely Troop camping chairman, would have the baked beans all ready. No such luck but it didn't take long to get them ready then

Friday November 3rd, at 2:30 P. M. World Community Day will be observed by the Arlington Council of Protestant Church Women. Heights Baptist Church will be host. Mrs. George Williams Chairman of the Displaced Persons Committee of this council, will call for a Progress Report from sponsor churches. A dramatic brief, "TRUSTEESHIP WITH GOD", will emphasize the need for CHRISTIAN SOCIAL RELATIONS. Some of Arlington new D. P. neighbors will be among those present. Transportation will be provided to the meeting up to 2:15 P. M. from the Universalist Church.

## Red Cross Courses For Mothers Start Early In November

The Arlington Branch of the American Red Cross is offering a course in mother and baby care and family health. This course appeals particularly to young couples, and is a fine refresher course for expectant grandmothers. All are welcome. The course will be held in the Junior Library and begins Thursday, November 2, at 7:30 pm. For further particulars call Arlington Red Cross headquarters.

## GARDEN CLUB TO HEAR TALK BY AUTHOR

A special treat is in store for members and guests of the Arlington Garden Club when William W. Harris, author, radio commentator and world traveler, will present a travelogue in color, "Land of the Mediterranean", on Wednesday evening, November 8, at 8 p. m. at the Arlington High School. Reservations must be made on or before November 4, as no tickets will be sold at the door. For ticket information call Mrs. Emmons F. Wylie Arl. 5-2798-R.

Mr. Lovely came. He made the mistake of bringing chocolate milk and the scouts wondered how it would go in their pancake mix in the morning. This problem was solved when Assistant Scoutmaster Bruce Faunce sat on the carton of milk.

Saturday after various hikes and a beef and vegetable stew was enjoyed the boys went home declaring it was a perfect trip. Scouts who attended the trip were: Dan Kenney, David Holt, Noble Johnston, Alfred Walker, Burton Miller, Earl Nelson, Thomas McKenna and Kenneth Reilly. They were under the leadership of Jos May and Bruce Faunce.

## BLOOD SAVES LIVES OF YANKS IN KOREAN WAR

Heavy donations of blood are needed for the Korean fighting front and for local hospitals.

Donors are asked to donate when bloodmobiles are scheduled to come here or to give at the Red Cross Regional Blood Center, 314 Dartmouth street, Boston, in the Copley square section.

This community, which is one of the components of the Boston Metropolitan Chapter, is urged to share in donations which are being shipped each week for the soldiers and Marines who are fighting in Korea.

Besides the donations needed for the battlefronts, blood is also needed every day for the sick and injured, for maternity cases and for operations, in the hospitals of the Metropolitan area and the State.

Donation days at the Dartmouth St. center are on Mondays, Wednesdays and Thursdays from 11 a.m. to 5 p.m., and Tuesdays and Fridays from 2 p.m. to 5 p.m. Persons wishing to register in advance or obtain information on mobile visits are asked to call Copley 7-6930 for information.

Eyewitness accounts from Korea praise the marvelous use of whole blood and blood plasma which is bringing back wounded from the edge of death.

One GI stated he saw a buddy lying wounded on a Korean hill who was given an emergency transfusion. "He was white, like the color of a bed sheet," he said. "Then the corpsman gave him the transfusion, and before my eyes I could see the color of life come back to his face."

Another local youth, in a letter to his parents, urged them to donate blood for the boys over there. "Don't hoard anything," he wrote, "especially blood."

A citation to a girl reporter at the front in Korea by the commanding officer of one of the units has praised her for the extra aid she gave corpsmen by helping them with transfusions in the battle areas.

## You Can Trust COOLIDGE

He will not waste your money

**Coolidge Will Use Highway Money to Develop Highways**

Coolidge will carry forward the Dever-delayed \$200,000,000 Highway program, which as legislator, Senate President and Lieutenant Governor, Coolidge helped to plan, create and support. Coolidge will spend funds for competent personnel and materials. He will not squander money intended for motorists' benefits and urgent military needs, on costly political signs, leaf-raking loafers and swarms of election-year appointees now stuffing payrolls and holding up projects. Coolidge will give regular Public Works personnel and qualified contractors the opportunity, without political interference, to expand our highways properly. He will see that motorists get an honest dollar's value for every dollar spent on construction and maintenance.

**Coolidge Will Really Serve the Public**

Deserving applicants for aid or hospital treatment will not need the references of politicians before they can get help. Trained personnel—not pork barrel misfits—will care for the sick, the crippled children, the mentally afflicted, the helpless and the needy. Kindness will replace the sordidness of politics. Only proper prices will be paid for supplies and they will be used properly. Scientific treatments will be increased because devoted career men and women will be encouraged to do a fine job and not be so discouraged that they quit the state service in disgust, as now.

**Coolidge Will Administer Housing Program in Behalf of Veterans**

Under Coolidge, politics will have no part in the huge \$200,000,000 Housing Program, which was originated, carefully planned and successfully launched while he was Lieutenant Governor. Coolidge will require that the program be fairly administered on behalf of veterans eligible for its benefits. He will remove the causes of complaints that interfere with completion of remaining projects.

**Coolidge Will Run Port of Boston Authority to Bring in Shipping**

Coolidge will see that the Commissioners fill the long-empty post of Director with a topnotch executive. Coolidge will get experts for Field Representatives and other key positions—replacing political hacks, who have no training, ability or interest, with skilled men who will try to increase exports and imports, thereby giving employment to factory workers, longshoremen, truck-drivers and others. Coolidge, by eliminating incompetence and political sabotage, will bend every effort to make self-supporting the Authority for which approximately 26 million dollars have been raised and authorized and which still operates at a two million dollar deficit. He will recommend corrective legislation whenever necessary.

**Coolidge Will Protect Rights of Civil Service Workers**

Coolidge will free faithful state employees from discrimination in pay that results when unfit political favorites draw big salaries without working. Coolidge will see that Civil Service laws, rules and regulations, including veterans rights, are carried out for the benefit of Civil Service employees. No longer will their hopes for deserved promotion be ruined by the appointment of outside political pets over their heads. Coolidge will end political interference which ruins morale, wrecks efficiency and robs the public of the type of service its money should provide.

**Coolidge Will Have Competent, Representative Administration**

As Governor, Coolidge will surround himself with able and devoted leaders, representatives of our population, who will have the vision, know-how and courage to clear away the wreckage of the last two years, end Dever Squandermania and remove the blight of political interference. They will give a sound, humane, progressive administration, free from arrogance, dictatorial domineering, brush-offs and personal selfishness.

**Coolidge Tells the Truth—Coolidge Keeps His Promises**

Dever promised to keep the MTA fare at ten cents. But after election he jumped it to 15 cents. Dever promised to cut the cost of government. Instead he doubled it and drained off workers' wages into taxes for wastes and extravagances.

Dever is at his old deceptive game again. He is spending the biggest election campaign fund in history on expensive television, radio, billboards, advertising and other costly media in another attempt to fool the people into voting for him.

He is deliberately taking sole credit for public improvements, which Coolidge and others helped plan and start. He is telling half-truths and making false charges. He is again promising the moon to every group and every section.

Two Years Ago Dever Fooled MTA Riders and Others With His False Promises and Phony Claims.

Massachusetts People Will Not Let Dever Fool Them Again This Year.

## Crosby P.T.A. First Meeting

The Crosby School Parent Teacher Association held its first meeting of the season on October 24. Mrs. Nelson Brown presided.

Mrs. Brown appealed to the audience to keep in mind that the association is for teachers as well as parents. She asked that the half hour preceding the formal meeting, classrooms, be used for purely social contact and not for the discussion of the progress and problems of the children. Such discussion is to take place at conferences between the individual parent and Mrs. Brown.

Mrs. Brown spoke briefly about the United Nations anniversary, appealing for belief and faith in the ideals of the U.N., and asking that people refrain from too hasty judgement of the accomplishments of the U.N.

Miss Helen McKenny, the new Principal of the Crosby School was introduced by Mrs. Brown. Miss

McKenny spoke of her debt of gratitude to many people—to the school department and board; to Miss Elsie Seward who, as principal for the last 28 years, left such fine habits and traditions behind her; to the supervisor and teachers; to the parents; and to the children themselves for accepting her with complete cooperation.

Miss Katherine T. Gregory, superintendent of the elementary schools, was introduced by Miss McKenny. She talked on the system of report cards to be used this year. The cards are similar to the new ones of last year but have had some changes and additions made. She closed her explanation of the system by inviting questions. This set off a period of heated discussion which consisted mainly of criticisms and objections by parents who questioned the wisdom and practicality of the new report cards. This reaction was attributed by some to a failure to grasp the concept behind the new system. This system will attempt to evaluate each pupil individually and place him in a group in which he is capable of holding his own.

## Confident Doncaster's Supporters

Mr. James W. Donahue and Mr. Eugene O'Connell spokesmen for the Doncaster for Representative Committees for Precinct 1-3-5 of the Town of Arlington issued the following report today.

Alderman Doncaster's campaign for election as Representative of the 25th Middlesex District has resulted in widespread acclaim throughout the District. The basic idea of Mr. Doncaster's campaign is that the people of this District are to hire a man to represent them in the Legislature for the coming term. Normally people want to see and talk to a potential employee—they want to see him, discuss certain matters with him, find out how he thinks, and to estimate to the degree of his integrity.

With that as a basis, Mr. Doncaster has made every effort to call upon personally as many voters in the District as time will permit. This is elementary, yet uncommon, manner of campaigning has been very well received by the voters of

this District.

It is quite normal that the veterans groups would like to examine the candidate regarding his feelings and opinions pertaining to veterans problems. Mr. Doncaster being a veteran and Past Commander of the James A. Logan Post has been acclaimed by these groups and assured of their enthusiastic support.

The same result has taken place with the labor and labor union adherent because of the fact that Mr. Doncaster is an active member of Local No. 3 Brotherhood of Fireman Powerhouse Operators, Maintenance Men, and has clearly demonstrated his awareness of Labor's problems and also his enthusiastic desire to help with their solution.

The family man, the taxpayer, the local businessman has been happy to have received a visit from candidate Doncaster and seen that his interest are theirs—that his integrity is unquestioned—that his promise to be available at all time to his employers (the people of this District) will not be broken.

Despite his tireless efforts, Al-dise well nigh impossible to contact everybody and apologize for his failure to do so. To all those whom he has been unable to visit, he mends this solemn promise to represent this District in such a man-
